

User Manual(User)

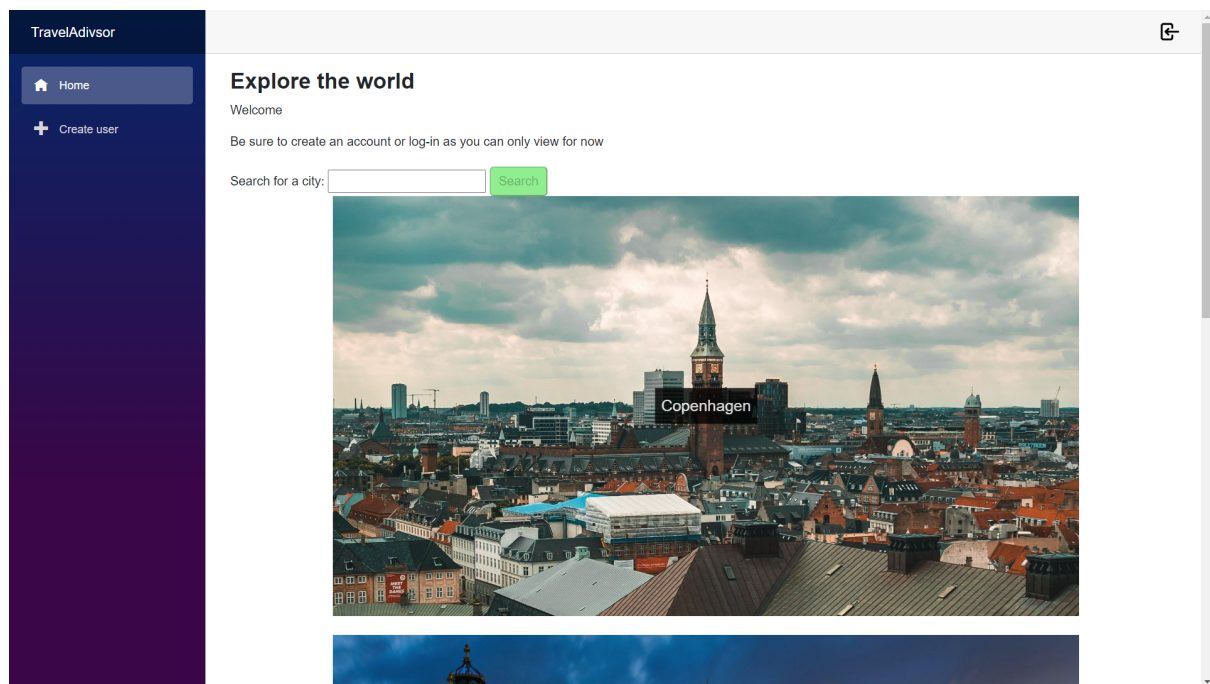

Overview

The travel advisor system seeks to be a website to allow users to see information about different cities and their respective hotels, museums, parks and restaurants while also leaving a review.

Program functions:

Create Review	5

Create User

After opening the website, you will be greeted by this page.

On the top right is a login button which will open the log-in page

Proceed to click on “Don’t have an account ? Click here”

Please login

User name:

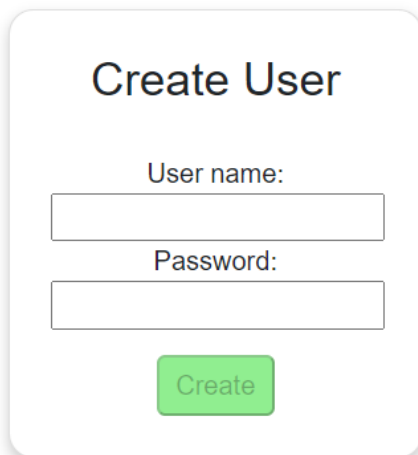

Password:

[Log in](#)

Don't have an account ?
[Click here](#)

This will open a new page where you can create an account.
Enter your username and password(preferably one you haven't used elsewhere)

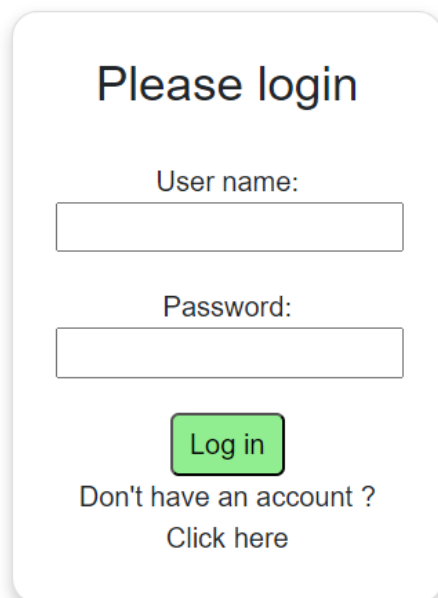

And click Create.

A white rounded rectangle form with a light gray border and a subtle drop shadow. At the top, the text "Create User" is centered in a bold, dark blue font. Below this, the text "User name:" is centered above a white rectangular input field. Further down, the text "Password:" is centered above another white rectangular input field. At the bottom center of the form is a green rectangular button with the word "Create" in white text.

Log-in

Now after creating your account you can now proceed to the previous page(or by clicking the top right button on any page)

A white rounded rectangle form with a light gray border and a subtle drop shadow. At the top, the text "Please login" is centered in a bold, dark blue font. Below this, the text "User name:" is centered above a white rectangular input field. Further down, the text "Password:" is centered above another white rectangular input field. At the bottom center of the form is a green rectangular button with the text "Log in" in white. Below the button, the text "Don't have an account ?" is centered, followed by the text "Click here" centered below it.

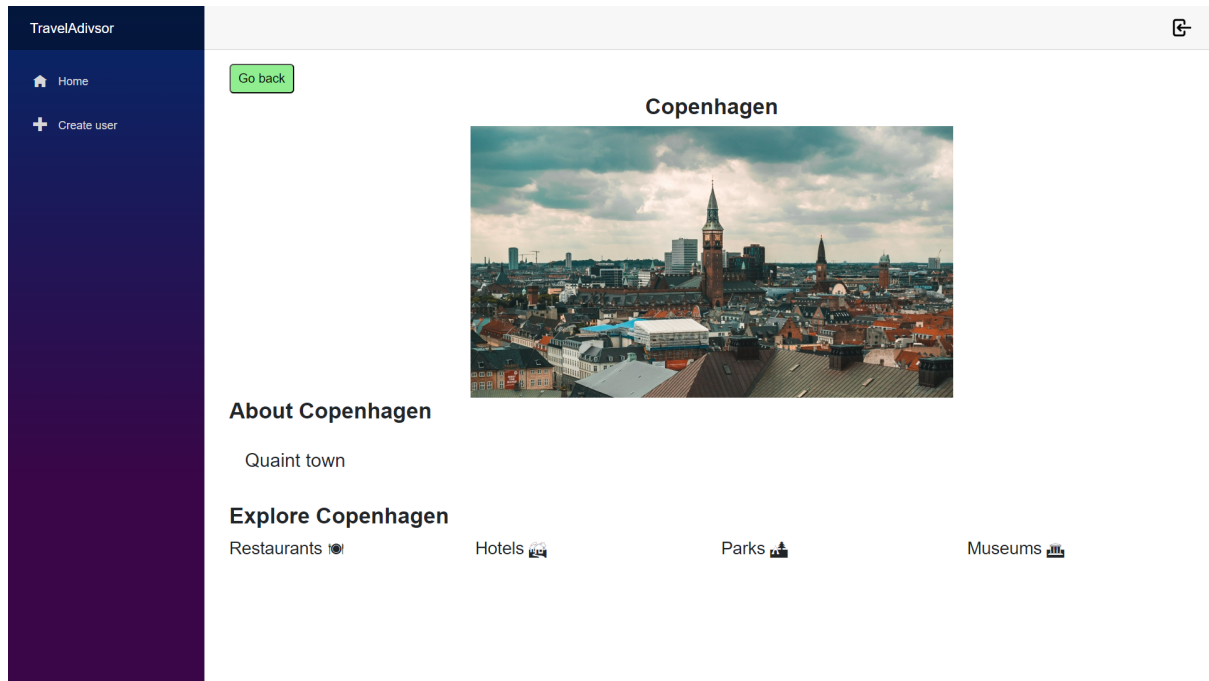

Enter your username and password and click Log in.

Browse

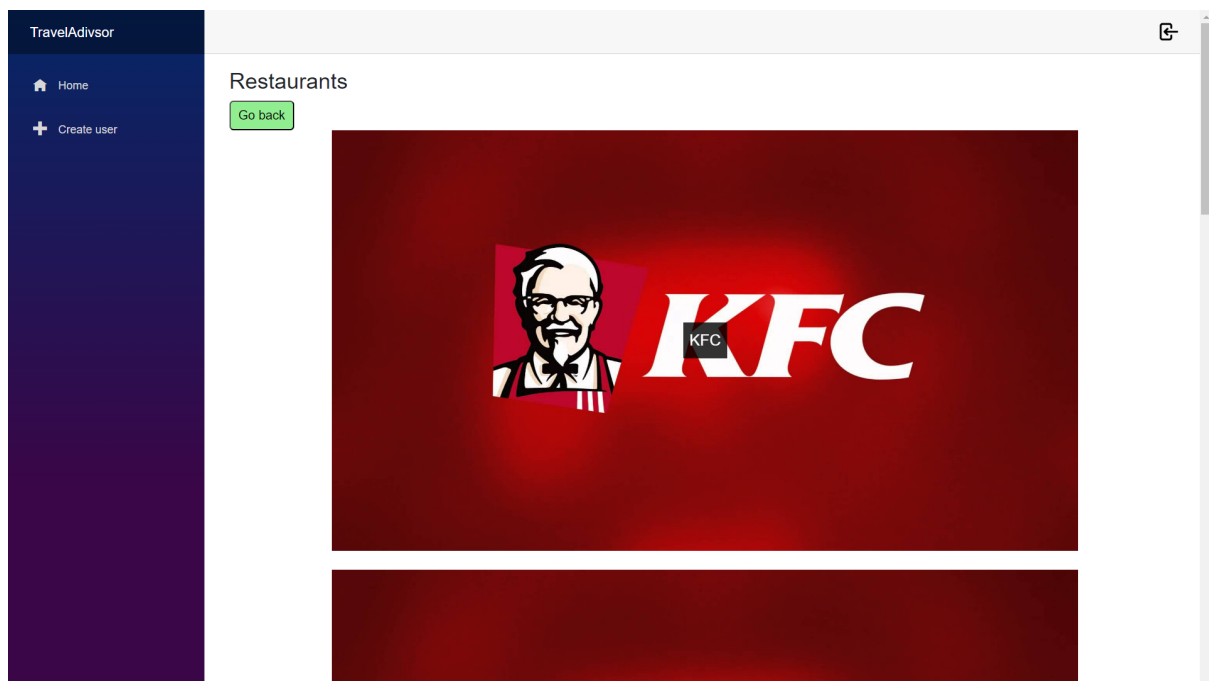

Now you can (but not necessarily need to be logged on) can browse any city and its locations. Example pages below which appear chronologically after clicked.

For example,

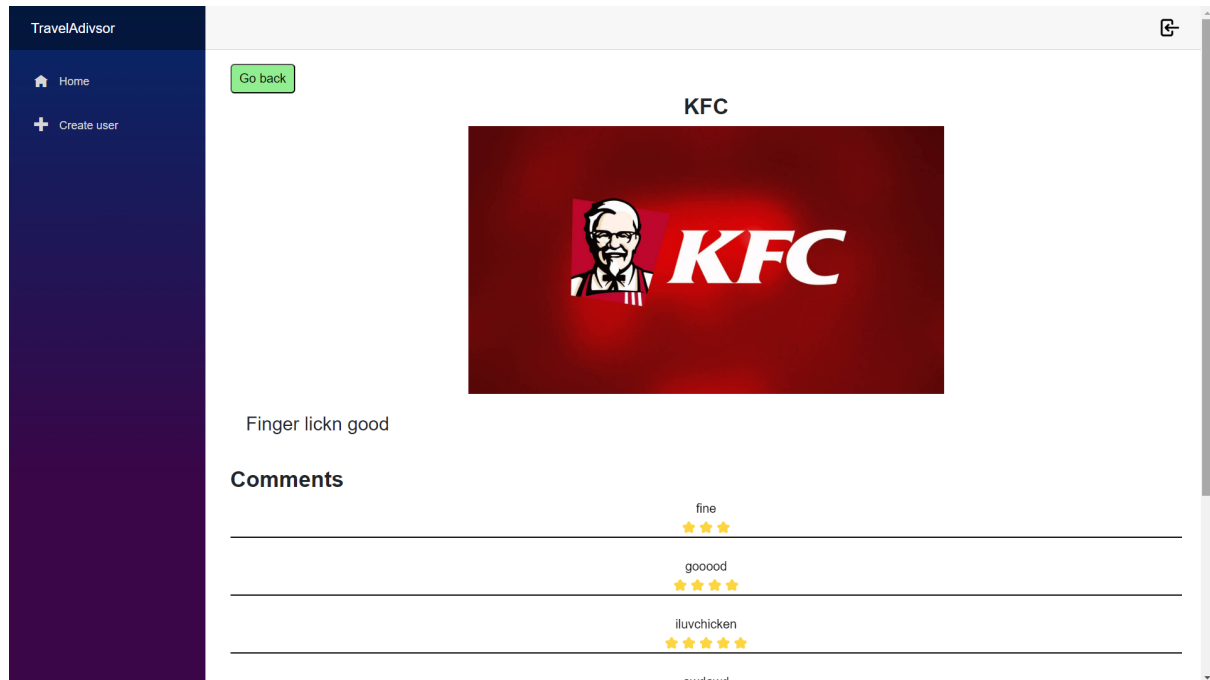

Clicking on the city Copenhagen

Then Restaurants

Now a specific restaurant

You are able to repeat the previous two steps for the other 3 categories to see reviews of other users and be able to create a review yourself which will be covered in the next section

Create Review

(SideNote: You need to log-in in order to leave a review so if you haven't be sure to check how to do so above)
